Ordering Note for all Seafood

Items are stocked subject to seasonality. For items that are not stocked, we recommend ordering through customer service at 800-228-5481, or calling the Black River Produce seafood department directly at 802-886-6237. Most items are very quick turnaround.

Seafood: Handled with Care

At Black River Produce, our seafood buyer has 10+ years working directly with the Boston fishing pier and managing the fish cutting facility. She and her team know quality when they see it. Black River Produce trucks make daily trips to the Boston Pier, Monday through Friday to bring you the freshest in New England.

-------	---------------------	---------	----------

On-site Lobster Room

We may have produce in our roots, but Black River Produce is as much a fresh seafood house as it is a fresh produce one. Did you know:

- BRP has two 1,000-gallon lobster pools on site to ensure that our lobsters are healthy and ready to travel.
- Our Lobsters go straight from the docks of the Massachusetts and Maine shores to our salt water, temperature controlled pools to you.

If we invest this much in our fresh lobster program, you know we know seafood! From our lobster facility to our on-site custom cutting program for swordfish and halibut, Black River Produce cares about bringing only the freshest and best to you.
